

## Williams Bay is Ready for Winter Sports

by Frank M. Van Epps

The Village Board, Men's Community Club, The Chicago and Northwestern Railway, and everybody else concerned is ready for Winter Sports when the snow permits.

The Ski Jump has been put in order, the Toboggan Slide has been worked on as much as possible to make it real sporty.

Ice Boating will again be a feature. The Skeeter Club as it is now called met last Saturday night in the Community Room for their Winter meeting. Thirty-Eight were there all raring to go. Don Waterbury is Commodore, Chester Granath, Vice Commodore, Bob Ferris, Secretary, and William Brown, Treasurer.

Beauvais Boat Co. which has been busy rearranging its buildings and plant is busy building some beautiful ice boats.

The Village will keep places open for skaters as usual and have the shelter on hand.

Carl Bjorge says that there will be an exhibition of Ski Jumpers during the holidays.
